“Face The Book”
I Judges 6:12-16

While we spend time on the internet phenomenon of “Facebook,” we should take time to “Face The Book” – The Bible.

The Bible has something to say about our everyday lives.

The Bible discusses

- how the Lord views us
- how the Lord tries to work in our lives
- gives a word of encouragement
- the moves that God will have you take
- the words of eternal life
- the ways to find health, comfort, grace and strength

Spend time in The Book daily or miss out on the blessings inside.

When God has called us; he has already given us what we need to accomplish the task.

Don't give up before trying.

We do great works when we take our time. God took his time when he created us; we are fearfully and wonderfully made.

Do something different and God may do something different in you!
